This booklet has been prepared by the

members in school connected activities.

of its name in any solicitations or in  
the sale of any product or service.

## PRINCIPAL'S MESSAGE.....

Dear Parents:

When you read this you will have in your hands the new directory which is published each year as a project of the P.T.A. It is a symbol of accomplishment. Add to it the many other endeavors of this organization and the accomplishments achieved and you will have a formidable list of reasons why your membership in and support of P.T.A. is necessary.

The P.T.A. brings together two of the three most influential institutions effecting the development of our youth; the home, the school and the church. In this joining together our efforts are directed at promoting the best possible experiences of our growing younger generation. It is a goal that can not be realized individually.

The regard for education can be communicated to our sons and daughters only through our actions. They soon learn that words of praise are easy to come by but that the sweat of the brow is devoted to that which we really prize.

Your support of your P.T.A. will show in action the deep concern we all have for the education of our young people. It will also make possible a higher educational achievement because we worked together.

I look forward to another year with you.

Ernest Dyson, Principal
